If the tenants occupying the frame buildings on the central market at the rear of The Arcade, Limited, wish to continue to remain there, they will have to pay double their present rental of \$1,850 per year, and also seven per cent, on all improvements which the city may make to the property. This decision was reached by the advisory board of the city last night.

BRIGHTER DAY HERE

But It Has Brought Great Responsibility.

Back in 1918, when the Salvation Army was known as the "Christian Mission," the battle hymn for the year was "A Brighter Day is Coming." The significance of this is that a brighter day has come, for the Salvation Army. The spirit which it has, upon mankind today, is world-wide. Its opportunities for service are tremendous. Its growth and usefulness since then have been so extensive that today, in every part of the world, its influence is felt.

In 1929 there was a conference in England. It was attended by all the

views from inside windows blocked entirely, as it was proposed to place a sign on the side of the building, thirty feet or more high.

Hughes, Brayley and Birrell were appointed a sub-committee to go into the matter of appointing a sign on the roof of the building.

The recommendation of the Sign Committee that the Imperial Hotel be asked to place a sign on the roof of the Greek Cyprian store, opposite the Imperial Hotel, was defeated by a vote of 4 to 3, because a majority felt that as the sign had been placed on the roof of the building, it would be blown down in the heavy gale of last November, its re-erection should be approved. Members of the Sign Committee said that the very fact of the sign having been blown down was a good reason why it should not be put up again.

The applicants must submit plans of the proposed sign before it can be

Swing.

Despite unfavorable weather conditions yesterday, the Sea Drive canyons were able to secure 200 new members, and totals and expenses of the drive were \$1,000. \$500 needed to bring the total up to the mark, set for the year.

Of those received were the fifty dealt at sustaining members. A feature of the campaign has been the large number of renewals which are being submitted, many of them in the way already with every promise of all being in by the end of the month.

ANGING AND SPEAR FISHING OR NETTING?

Rural Interests Have Warm
Time Before the Chief
Inspector.

CARP SAOUD GO

But How Get Rid of Them
Without Injury to Other
Fish.

It would seem, after the stormy
meeting held before Government
Fish Inspector Cox yesterday after-
noon in the city hall, that no more
appeals will be granted fish-
ermen in the Hamilton Harbor, if the
view here to lure the wary shiners
any weight in the matter.

That the meeting was an unex-
pected one, was plainly set forth by many
of those present. Gentle insinua-
tions were not lacking; that there had
been an attempt to "put one over"
on those most interested in the law-
ful catching of the fish, the interested ones
being the local amateur sportsmen
from the depths with hook and line.
However, a few got busy on the
spot, and when the application was
for a renewal of fishing licenses met
yesterday afternoon, they were speed-
ily confronted with a goodly number
of ancient amateur fishermen who did
not mind the accusation.

It is the "netters" who have
spelled the sport on the bay. The
other side of the story was that the
grounds chosen by the professional
fishermen are nothing more or less
than the natural spawning grounds
of the fish that infest the waters of
Hamilton Harbor.

Of course, the accusation was de-
fied by the fishermen. Inspector
Cox introduced Inspector Cox, stated
the object of the meeting as being for
the purpose of receiving objections
to support for the men who are ap-
plying licenses for 1920, and added
that there was no intention on the
part of anyone to slip the privilege
to the applicants without first hearing
both sides of the story. As the
meeting was merely for the purpose
of receiving arguments for and
against, no statement as to results
was given out by the Government of-
ficial, he merely taking notes of ob-
jections and will present the same
to the department.

Dr. Controller Jaffard almost broke
up the investigation when he voiced
objection to the way the meeting
was called.

Has there been any notice insert-
ed in the newspapers concerning this
meeting? asked the ex-controller.
There had not, and Mr. Haffard
stated that the meeting was not fair,
as there are thousands of people in
Hamilton deeply interested in the
protection of the fish in the bay. The
meeting was well attended, how-
ever.

All were interested in the applica-
tion of N. L. Randall and S. L. Haffard
for permission to net fish in the west
end waters of Hamilton Harbor. There
were many questions asked con-
cerning the bay, and the city con-
trolled vent on record last year against
the practice.

Mr. Haffard said the people should
have a chance to voice their objec-
tions against the applications, and as
the meeting had not been announced
in advance, it was an attempt to
make "put something over" on the
fishermen.

Fish Inspector Kerr denied any such
charge, and said that everything was
done above board.

Mr. Randall was invited to state
his case. He explained how he entered
the fishing business years before
the war and during the war, received
permission from the Ontario Govern-
ment, and sold the fish on the open
market at from 4 to 10 cents per
pound. Carp sold at 4 cents per
pound, and other fish at better prices.
Mr. Randall thought it was a good thing to get the carp
out of the bay, as they destroy the
spawn of pike and other fish.

Mr. Randall stated that in 1918, he
had invested some \$800 in equipment,
and he was not to be allowed to
continue his business, which would
be more like being told to be re-
turned for his outlay, which he would
not have purchased had he not been
reasonably assured of continuing the
business.

During 1918 about 20 tons of fish
were sold by Mr. Randall in the mar-
ket, which helped out the mar-
ket situation considerably.

SUFFERED DAILY AND NIGHT The Tortures of Dyspepsia Relieved by 'Fruit-a-lives'

"I was a terrible sufferer from
Dyspepsia and Constipation for years.
I had pain after eating, belching gas,
constant headaches and did not sleep
well at night. Finally, a friend told
me to try 'Fruit-a-lives'. In a week
the Constipation was corrected and
soon I was free of pain, headache and
that miserable feeling that accom-
panies Dyspepsia. I continued to
take this splendid fruit medicine
and now I am well, strong and vigor-
ous."

and asked Chairman Cox to keep the
witnesses to facts, and that the pro-
ceedings were irregular in that no
stenographer was present, and none
of the witnesses were placed under
oath.

Hugh Hayes corroborated the
evidence of witnesses re dead fish, but
stated Mr. Randall was exceedingly
careful to liberate all illegal fish.

Inspector Kerr, stated that Randall,
was allowed to seine by virtue of the
war measure, but should not be al-
lowed now, as the fishes are de-
stroyed.

Chairman Alf. Wright, of the Parks
Board, stated that each year drop line
fishing has become worse for the past
few years, whatever the cause.

"I just want to say," said Mr.
Wright, "that if a privilege is granted
anyone to pursue a business that
spoils the sportsman's pleasure, it
should be stopped."

Mr. Henry Askew, a veteran fisher-
man, did not hesitate to blame the
netters for the depletion of the fish.
He pointed out that despite the war
measure he was obliged to pay 20
cents a pound for fish, and before
the war he could buy them for 8 and
10 cents per pound. Now it is im-
possible to even catch a pike in the
bay.

John Allan, ex-M.P.P., stated he was
in the legislature representing Hamil-
ton when the petitions against net-
ting came in, and he would be very
sorry to see the privilege granted
again to two or three at the expense
of the many.

Mr. Weir, another applicant for net-
ting privileges, stated he had netted
fish for eleven years, since 1908. After
June 15, stated Mr. Weir, the
netting is impossible for further
netting.

Another fisherman stated that the
few netting grounds could not possibly
afford the drop-line fishing. It was
pointed out that there are 25 miles of
shore line, and all the fish could not
congregate in those two or three spots.

Another fisherman stated that he
had seen a netter actually throw a
fish overboard from the larger fish
in those weedy fishing grounds, and
he did not see a netter do this to any
other fish, and that is why fishermen
chafe at the netting.

Mr. Haffard wanted to impress in-
spector Cox with the fact, as a part-
isan shot, that the netter took 20
tons of fish, and only 12,000 pounds
of carp in that amount.

It looks to me that it is more of
the other kind of fish the people
want, not carp, said the ex-control-
ler.

Mr. Weir stated he did not blame
anyone for kicking the netting, and
they should certainly be protected.
As far as carp are concerned, they
should be taken out, as they prey on
all kinds of fish. A last
appeal was made by Mr. Haffard
for an attempt to secure carp only for just one
more year in order to reimburse his
loss on tackle, which did not re-
ceive an answer, as all were making
their way towards the door.

BRITAIN TO SELL SOME WARSHIPS

Commons today, said the Government
contemplated selling some warships
to foreign countries. Pending the
outcome of negotiations, however,
aided, particulars could not be di-
vulged.

TWO GIRLS MISSING.

Toronto Ladies Disappear
On Way to Sunday School.

Toronto, April 22.—Since Sunday
afternoon last, when they left their
homes to attend the Riverside Pres-
byterian Sunday school, two young
girls, Irene Mertens, aged fifteen, and
Florence Baker, aged fourteen, have
been missing from their homes. As
yet their disappearance is unaccount-
ed for.

The Mertens girl, who is the daugh-
ter of a well-known local business-
man, is described as follows: Height, 5 feet 2 inches; when
seen was wearing a light blue dress
with blue band, dark-colored coat,
blue dress trimmed with black braid,
and a black hat.

The other girl lived at 57 Har-
row street, and was wearing a black
and a brown coat. She is 5 feet 2 inches
in height.

GREENWOOD'S PLAN

To Inaugurate Irish Policy
of Conciliation.

London, April 31.—A new policy of
conciliation is to be launched in Ire-
land as announced by Chief Secre-
tary Sir Hamar Greenwood, arriving
in Dublin, the Irish Chief Secre-
tary will be one of his first acts.

Sir Hamar, the paper adds, will
ascertain exactly what the Sinn Fein
policy is, and if a favorable atmos-
phere is created, the Government will
be in a position to make a favorable
peace, which it considers essential to
the peace of the world at large.

Being Conscious of Their Sufferings How Can You Let Their Appeal Go Unheeded?

NOW—TO-DAY—it is within your power to say if the long-drawn hopes of these victims of a pitiless tragedy shall be fulfilled. They starve, they cry out in despair, they gnaw at the roots of plants for one more hour's sustenance—they wait and pray that you will have pity on them. You, who have so much. You, whose very existence is not hanging upon a shred—it is to you they look in their Gethsemane. The cry of anguish is wet with bitter tears. The moaning of the older folks is mingled with the sobs of babes and children too young to understand—and here and there, yes, everywhere a life ebbs out, for there is no food to sustain life. YOU CAN SAVE THEM. YOU WILL SAVE THEM! Grim death is fast at its work. It brooks no delay. It knows no pity. HELP MUST COME AT ONCE.

Parks Board Grant Some Increases

(Continued from page 1.)

Mountain face—Repairs to H. A. White house, repairs to roadway at head of Mount in vicinity of the mountain sanatorium. The money will be taken at one of the mid-season games, not from a game played at the end of the season.

The board wants a team of horses and expert to have to pay \$400 or \$500 for it.

Col. H. O. Hooper read a request from the curator of the museum that a new turntable be installed, and screens put on the tower and more electric lights put in. Col. Hooper was of the opinion that the Parks Board must be attended to.

Mr. Carey, one of the beneficiaries of the museum, complained that it was damp and the manuscripts etc. were in danger of being damaged.

Col. Hooper thought that the same would do much damage in time to everything in the museum if some adequate method was not employed to overcome it. He also suggested that the showing of the relics of the Great War, the soldiers' club, be put up to the museum, and that a resolution be adopted that another caretaker would have to be employed, but J. Hooper did not agree with Mr. Wright's state-
ment.

The Hooper, acting for the Board of Trade, asked that the posters put on the Canadian Club pole in Gore Park for housing the membership cam-
paign, be allowed to remain for ten days. The Board craved the Board, Chairman Alf. Wright said it would mean that another caretaker would have to be employed, but J. Hooper did not agree with Mr. Wright's state-
ment.

A motion was passed allowing the advertising of the Board of Trade campaign to be continued for ten days.

The board agreed that the sugges-
tions of Col. Hooper be carried out for ten days. One year's extension was granted to Strathburn H. Thomson to have access from his lot near Mountain Park to the Boulevard. This, if the city collector agrees, Thomson had as an agreement with the city that if he sold the land to the city, the lot was made three years ago. The lots have not yet been sold and an ex-
tension of time was asked for.

A report regarding Hydro Pneumatic system for water, for toilets and sinks, for Wabasco Park, was read by Gordon J. Hutton. He stated that

Busy Session in Store for Pres. Robbins

Annual Meeting of the
O.B.A.A. on Saturday

President Frank Robbins is sure of an interesting session on Saturday, when he calls the second annual con-
vention of the O. B. A. A. to order. Baseball men are notorious for ex-
pressing their views freely and they will have the opportunity of doing so when the amendments come up for discussion. By far the most important will be the one barring all clubs bearing commercial names. If carried it will have a far reaching effect as the organization of practically all the leagues in the province has been completed and the majority have at least one factory club.

The proposal to change the annual meeting to October should be carefully considered. Certainly a change in date is desirable, but whether there is enough enthusiasm left after the close of the playing season is open to question.

The Central Ontario League pro-
pose to have all champions declared by August 15th. This will undoubtedly be most convenient for the league associations cannot afford to cut short the season for hundreds of players in order to permit one club to enter the finals.

That all men, one representative from any association or league sit on the sub-committee and that the mileage allowance for final games be increased to fifteen cents a mile for first men and minor changes that will be proposed.

The first ride of the season of the Glen Head Riding and Driving Club will be held Saturday at the head of Rockett Digue.

"Canco" Club Enter Team in Mfg. League

Girls Also Count on
Having Team

The "Canco" Club, formed by em-
ployees of the American Can Com-
pany, have entered a team in the
Manufacturer's Softball League, and
promise to have even a stronger team
than that of a year ago, when they
were beaten out in the finals. A
meeting was held last night at the
plant, and the following officers were
elected for the season:
Hon. President, K. Bishara.
President, R. McBride.
Secretary-Treasurer, V. J. O'Toole.
Manager, R. Burns.
Captain, W. Robinson.

The girls of the plant are also
making preparations to form a team
and prospects are that they will have
a strong aggregation under the lead-
ership of C. Jamieson, and J. Crawford.

Rain Causes Postponements in Big Leagues

anny Leonard Threatens Retire from Boxing Game

York, April 22.—Benny Leonard, the lightweight champion, has a selling friends out on the far side of the Atlantic, who expect that he intends to retire from boxing at the end of the present season. Leonard says that directly he gets as much money as he knows of, he is going to get married and start a family. He says that he has business that are making him rich, and that there really is no particular why he should continue to run the risk of having a chance blow run through his head.

though he held no other championship.

Packey always was a wonderful matchmaker. Even after he had grown the welterweight class he made the welterweight, Tommy Barry, fight the lightweight, Gus Phillips. What is more, he succeeded in packing Madison Square Garden with fans who were willing to pay the prices to see the ridiculously one-sided fight. If the welterweight champion would not have been able to make a safe a match.

WELTER CLASS UNPOPULAR

rather strange that every crack takes the idea into his head that he is to retire. That notion never is to strike the second raters, because more punishment and more glory for the first than for the second, so as long as they can pass on as punishment and as long as they can pass on as punishment, they will be willing to give them the crack boxes rarely, rarely, even Packey McFarland, the popular division with the fighters, though it once was very popular with the fans. It is a tough class and their members hit much harder than the lightweight and yet they are much lighter. Blows are more dangerous as they are just as strong as the heavyweights. This is furnished by Jack Evident and Ted Lewis, the two best fighters in the ring just now. Both are very clever and yet both are badly damaged.

ed. Leonard and Joe Welling are to meet in a four-round bout soon at San Francisco. Boxing on the west coast is beginning to pall of late due to the return of baseball and the fact that most of the fighters out there are either novices or has-beens. Rousey is held every night in the week

Leonard will allow a sliver of his past to be brought up. Unlike McFarland, Leonard is not ashamed of being known as a fighter, but now that Benny has acquired big business interests and money, he is in need of money, the grind no longer appeals to him.

As no lightweight on the coast

asking weight is another reason Leonard may begin to think seriously of retiring. Like McFarland, Leonard is to step into the welterweight category. Packey could have been champion of that division for the asking, but he positively refused to allow any man to wish the title upon him, although he has been asked to make things interesting for Leonard. It has been decided to send Leonard East for Welling. Welling is one of the few lightweight boxers who has never met in the ring. His selection shows that the far coasts are not as asleep, for the match is one that Eastern fans have long hoped to see—although they hoped in vain.

ON TIME
(Christian Guardian.)

"What's the time?" asked a man rushing into a clothing store.

"Twenty minutes after five," said the clerk, glancing at his watch.

"You're late," said the man.

"I want those trousers," said the man, leading the way to the window, pointing to a ticket marked "Given at 5:30."
